ANTI YELLOW ACTION

BLONDER

formulation technology

Plex technology uses innovative Polyamino sugar condensate, a patented naturally derived molecule that promotes the adhesion of water molecules to the hair, maintaining the right level of hydration throughout the coloring process.

It creates a protective film by exerting a defensive action against chemicals that could be aggressive to the hair.
Rinses out easily and leaves no residue.

ACTIVE INGREDIENTS

Lypofructyl Cyperus: Brightens and elasticizes, gives natural protection, makes them easier to comb

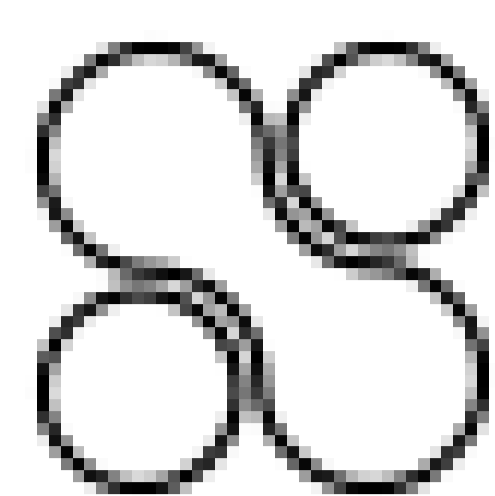

Lime Extract: Antioxidant and brightening, protects hair from oxidation, makes hair soft and shiny

Argan Oil: brightens, nourishes and protects, soothing action, antioxidant action

Acai Oil: brightens, moisturizing and emollient action

Zeolite: chelating and anti-pollution

Ribes Nigrum: protection, antioxidant

SILVER SHAMPOO

anti yellowing action

FEATURES

Specific shampoo for gray, white, blond and hyper-meshed hair that, thanks to its active ingredients, gives body and shine to the hair. It contains purple micro particles with anti-yellowing action.
