CURL ON

formulation technology

The new professional line created to take care of curly and wavy hair. The active ingredients in the Curl On line have been carefully selected to create quality products that meet the many needs of different types of curly hair.

Organic Linseed Oil, contained in Bio-Perm's technical service, acts gently and protectively on all hair types.

This Ammonia free Cysteamine based waving system creates perfectly formed curls without the use of thioglycolates guaranteeing long lasting results

HYDRA SHAMPOO

curl reviving action

FEATURES

Specific shampoo for curly and wavy hair, it restores moisture and regenerates curls without weighing them down. The sulphate free formulation gently cleanses the hair and scalp whilst maintaining hydration. Hair is left soft with improved combability.

ACTIVE INGREDIENTS

87% ingredients of natural origin.
Orchid extract, Organic Macadamia Oil

How to USE

Distribute evenly through damp hair, massaging the product throughout the hair and scalp to remove impurities, rinse and repeat if necessary. Follow with Curl on Hydra Mask for best results.

technical REMARKS

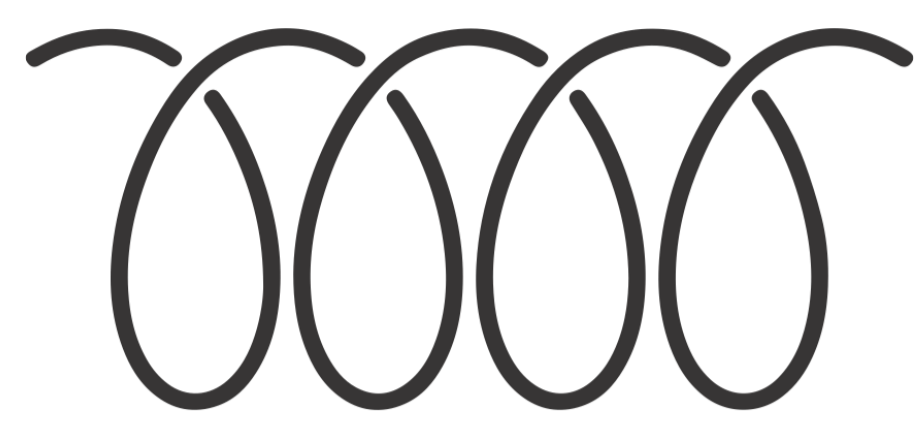

10-250-1000 ml

KEY *benefits*

- moisturizing and volumizing action
- removes impurities whilst maintaining hydration
- sebum-regulating
- sulfate- free formulation

HYDRA MASK

curl reviving action

FEATURES

Mask revives curls, nourishes and moisturizes the hair without weighing it down ensuring soft, shiny and supple hair. Hydra Mask revives curls by highly moisturising and nourishing the hair without weighing it down. Hair is left softened with reduced frizz and high shine. Facilitates combability by detangling knots and preventing comb damage. It makes the hair manageable and gives definition to the curl. Improved combability prevents damage to the hairs structure, provides extreme hydration giving definition to your curls.

CURL ON - 0

hair waving

FEATURES

Permanent waving liquid specifically for resistant, coarse or ethnic hair.

ACTIVE INGREDIENTS

organic linseed oil

HOW to use

It is used in the same way as traditional alkaline perms with the only caveat that no heat sources should be used. Specific for coarse or ethnic hair. Setting time up to 20 to 30 minutes. Check every 10 minutes.

After the setting time is over, rinse hair thoroughly for at least 5 minutes. Blot excess water thoroughly with a towel. Remember that hair sets into the desired shape at the time of contact with two applications of Neutralizer. Application 1: with curlers 10 minutes on. Application 2: without curlers 10 minutes on. Rinse thoroughly.

CURL ON TIPS & TRICKS

CURL DEFINER - pH SAVER

Apply Curl Definer to washed and towel-dried hair, proceed by blow-drying for a natural effect.

For a fashionable effect, continue by proceeding with the iron in alternating strands.
